

Past Life Regression Training

Melbourne, January 3, 4 & 5, 2009

For many years, Australian Hypnotherapists have been required to travel overseas for international standard Past Life Regression training. The Academy of Transpersonal Psychotherapy (www.the-academy.net.au) is sponsoring the 4th Australian Training from The Holistic Healing Centre New York. This 3 day training covers all aspects of Hypnotic Regression from comprehensive age regression techniques to womb work and specifically past lives. The course is structured to benefit both new and experienced Hypnotherapists, though we recommend 100 hours of formal training in Clinical Hypnotherapy as a pre-requisite. Each participant receives a comprehensive manual with regression scripts and following the submission of 5 case studies, can attain certification from the Holistic Healing Centre in New York, USA. Students will undertake their own regressions as part of this training under the guidance of the instructors

(This course is recommended as preparatory training for The Newton Institute's Life Between Lives Hypnotherapy Training scheduled for Australia in 2010)
